Air Cooled
Lubricated Vacuum Pump from
 ANEST IWATA MOTHERSON LTD.

Air Cooled Lubricated Vacuum Pump

Anest Iwata Motherson Ltd. (AIM) is a joint venture between Anest Iwata, Japan, a world Leader in Oil Free, Oil Free Scroll, Lubricated Compressors and Vacuum Pumps, and Samvardhana Motherson Group, an Indian conglomerate with presence in various sector. Manufactured in state-of-the-art plant in India, our products are specially engineered for tropical conditions and are exported all over the world. All our products leave our plant after being individually tested.

AIM VACUUM PUMPS have been EXTENSIVELY TESTED in extreme conditions. It is our belief that you will see the visible difference in the technology of our machines, and appreciate the value of money they offer.

What makes us different is our belief that we grow when we help our valued customers succeed. We subscribe to long term relationships with clients and have a keen understanding of their processes, needs and objectives. We are innovative, flexible and committed to our customer's peace of mind.

Salient Features

- Cast Iron Design for durability and long life
- Special Honing of Cylinders resulting in low friction between cylinders and piston rings
- Compact and Easy to install: No foundation required
- Low Noise: Ideal for hospital application
- Higher Efficiency resulting in power savings
- Low Oil Carry Over and Very low maintenance cost

Technical Specification

Model	No of Cylinders	Piston Displacement		Vacuum (Hg)		Power	
		LPM	CFM	Inch	mm	HP	KW
BVLS50E	2	1707	60.3	29.4	745	5	3.7

- This pump achieves 745mm(29"Hg) vacuum for single stage configuration, above sea level.
- As Product Development is a continuous process, hence specifications may change without prior notice

Supply Options: Complete functional unit base frame mounted with or without electricals
 Optional Accessories: Vacuum Gauge, Vacuum Pressure Switch, Silencer, Vacuum Tank and Line Filters
